

Guide Set for SF280-A

GSF15V

Diameter Ø 1.5 mm with V-Cut

Guide set for the SF280-A Solder Feed Handle.

You can easily change the guide set depending on the solder wire used.

It is compatible with solder wire diameters of Ø 1.5 mm.

With a **small blade that perforates the solder wire down to the flux core** while feeding it.

This perforation process allows better flux flow and outgassing avoiding solder and flux splashing during the soldering process.

Specifications
