Ref. 0036740

**Note:** Nozzles FAE090, FAE091, FAE092 and FAE093 are compatible with FAE072 and FAE022. They are not compatible with FAE70 and FAE020.

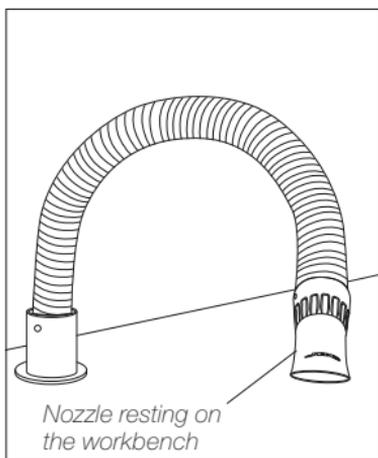

## Nozzle Replacement

The bayonet system makes it easy to change the nozzle.

To do this, hold the tube with one hand. With the other hand, turn the nozzle counter-clockwise. Then, pull the nozzle to remove it.

To install a new nozzle, align the bayonet, insert the new nozzle, and turn the nozzle clockwise to lock it in place.

The nozzles are designed in such a way that they can be used with a hanging arm or be lying on the workbench.

# Specifications

	<b>F AE090</b> <i>Rectangular</i>	<b>F AE091</b> <i>Round</i>	<b>F AE092</b> <i>Large, rectangular</i>	<b>F AE093</b> <i>Cylindric</i>
