## Packing List

The following items are included:

**Tool Holder** ..... 1 unit  
*according to purchased reference*

**Manual** ..... 1 unit  
Ref. 0028656

## Replacement

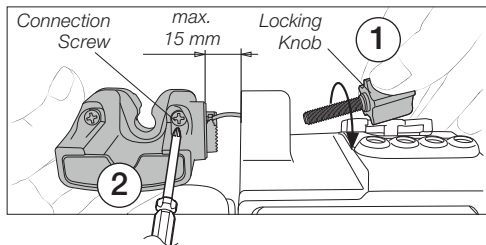

Before carrying out maintenance, always unplug the tool. Allow the equipment to cool down. Be sure that the power supply is disconnected before changing any spare part.

## Changing the Tool Holder

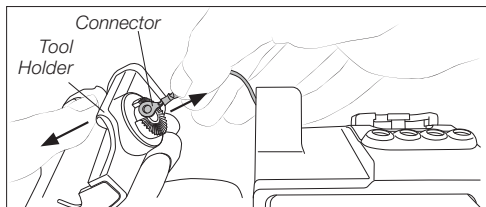

Turn the station off and allow the equipment to cool down.

Remove the locking knob (1) and slightly separate the holder from the station (max. 15 mm). Then remove the connection screw (2).

Using a flat-blade screwdriver, guide the cable connector outward to completely detach the support from the station.

⚠ Any force exerted for extraction must be applied on the connector, never on the cable.

Insert the connector in the new holder, put it in place and follow steps 1 and 2 conversely.
